

MARTIN KITSEMÄGI

Front-end developer

martin.kitsemagi@gmail.com

WORK EXPERIENCE

Jun 2018 – Jul 2018
(about 1 month)

■ Front-end developer Else London

Project based job, which involved developing a prototype for the England Golf website. Primary focus was to guarantee required website aesthetics and functionality based on design templates. It was required that the website would work and look great on various devices and browsers. On the functionality side the job was to integrate multiple database and API based data into the website (for example Google Maps, Twitter, Youtube). Technologies used involving the project: Git, SASS, CSS, HTML, Javascript, jQuery, PHP.

EDUCATION

2013 – 2016

■ Tallinn University of Technology Bachelor, Information technology, Informatics

As my thesis I developed an mobile application, which could check Eesti Loto tickets using phone camera. Technologies used developing the application: Java, Eclipse, Android, Tess-two, OpenCV. For my work practice I gave a modern look to Metsikrent OÜ website. Used technologies: HTML, CSS, Javascript, Ajax, jQuery, PHP.
